

Agreement of the 4th Japan-China-Korea Committee for Promoting Exchange and Cooperation among Universities

The Japan-China-Korea Committee for Promoting Exchange and Cooperation among Universities (hereinafter the Committee) held in Tokyo, Japan, on 6 August 2013, agreed as follows:

I Expansion of “CAMPUS Asia”

The Committee shared and confirmed the significance, openness and potential of development of “CAMPUS Asia” in higher education in Asia. Responding to the spirit envisaged in the joint declaration of The Fifth Trilateral Summit Meeting among the People’s Republic of China, the Republic of Korea and Japan held in Beijing in May 2012, the Committee confirmed to further promote the development and enhancement of “CAMPUS Asia” on the basis of the pilot programs, with close cooperation and perspective to further expand the scale and scope of the programs so as to cultivate more and better talents for the region.

*Joint Declaration on the Enhancement of Trilateral Comprehensive Cooperative Partnership, The Fifth Trilateral Summit Meeting among the People’s Republic of China, the Republic of Korea and Japan (13 May 2012, Beijing, China)
“We encouraged the three countries to make a contribution to the establishment of a shared quality assurance framework in Asia through the pilot programs and to further expand the scale and scope of the programs so as to cultivate more and better talents for the region”.

II Monitoring activities of the pilot programs

The Committee shared the significance and importance of the ongoing monitoring of the pilot programs, which promotes quality assurance of “CAMPUS Asia.” The monitoring leads to a standard, which is crucial for expansion of the programs; the Committee expects its consistent progress.

The Committee confirmed the basic framework and monitoring schedule of the pilot programs.

- ◇ The monitoring project is to be carried out by the cooperation of the QA agencies of the three countries focusing on universities' quality assurance activities. The QA agencies of the three countries identify good practices from the aspect of the quality of education and disseminate them broadly to higher education community.
- ◇ Through monitoring which will be conducted twice during a five-year period, the QA agencies jointly compares and analyzes quality assurance activities in the three countries, and then will draw up joint guidelines for quality assurance of transnational education for QA agencies of Japan, China and Korea.

III Upcoming Japan-China-Korea Committee Meeting
