All lectures and practical training are conducted in English.

## 8. The Application Process

Selection for admission is based on the evaluation of supporting documents submitted. Before starting your application, please carefully review the following application process.

You will NOT be registered as an applicant until we have received all of your supporting documents.

If you have applied to GRIPS in previous years and wish to reapply this year, any supporting documents you submitted previously cannot be used for this year's application.

Please note that if you provide any false or misleading statement or incomplete or inaccurate information in your application, your application may not be screened, you may be denied admission or, if you have been admitted, you may be dismissed from GRIPS.

Applicants must submit the following documents to their recommending authorities by the designated deadline. It is your responsibility to prepare all supporting documents far enough in advance so as to meet the designated deadline. Incomplete applications and applications received after the deadline will not be considered.

All materials submitted by an applicant become the property of GRIPS and will not be returned. Please make sure to keep one copy of your application for your records.

## 9. Supporting Documents

All documents must be in English. Documents in languages other than English must be accompanied by an official translation. To be official, the translation must have been done by the organization issuing the document or by an accredited translator. We will not accept your own translations.

Supporting documents, which can be prepared solely by the applicant, should be typed or printed wherever possible (A4 size paper and single-sided printing are preferable). If circumstances require, documents legibly handwritten with a pen or a ballpoint pen are acceptable.

If for some reason (e.g. marriage) your current name is different from that on the document(s) you submit, please submit official documentation of that reason (e.g. marriage certificate).

Faxed documents or digital copies sent by e-mail will not be accepted.

Do not attach any additional documents apart from the items listed below.

These must be documents issued by the university and bearing the seal or signature of the registrar, and they must be submitted in sealed, unopened envelopes with the university logo and address noted; the envelopes must be signed or stamped across the flap by the issuing school authorities. You should request and receive your official transcripts and graduation/degree certificates from your university.

④ Official transcripts of academic record

Official transcripts should contain the following information: the name of the degree program/course, the enrollment period, the names of all courses taken and grades received, and the grading scale. Official certificates should state the name of your degree and the date the degree was awarded. If you are currently attending a university, you must submit an authorized statement of expected graduation certifying the specific date of graduation and the title of the expected degree upon completion of the program. Do not send your original diploma, as documents will not be returned.

Important notes

- Transcripts/certificates that have been opened are not acceptable.
- Transcripts/certificates without the institution's official stamp or the signature of the registrar are not acceptable.
- If a university has a policy not to issue more than one official transcript/certificate, you may submit photocopies verified by the university. These must be submitted in sealed, unopened envelopes with the university logo and address noted; the envelopes must be signed or stamped across the flap by the issuing school authorities.
- If a university cannot issue an official English transcript/certificate, you are required to submit both an official transcript/certificate (photocopies are not acceptable), written in its original language and bearing the institution's stamp or the signature of the registrar, and an official English translation of the document, prepared by an accredited translator.
- If official transcripts do not include the grading scale, you are required to request the university to issue an official letter providing the details of the grading scale. That letter should be enclosed in the same envelope as the transcripts.
- Provisional or temporary graduation/degree certificates are not acceptable.
- If you attended a partnership/affiliated/associated institution, please submit an official document certifying the relationship between the degree awarding institution and institution where the education was actually conducted; the document must be issued by the degree awarding institution.

How to apply for a waiver of the English language proficiency requirement

(Please note that there are two categories in our English test exemption policy.)

Category 1: Applicants who have completed or expect to complete an undergraduate or a graduate degree at an accredited institution located in the USA, the UK, Canada, Australia, New Zealand, or Ireland will be automatically exempted from submitting an English test score.

Category 2: Applicants who have completed or expect to complete an undergraduate or a graduate degree at an institution where the language of instruction is English may request a waiver of the English language proficiency requirement. If you wish to apply for such a waiver, you must submit, as evidence, official documents issued by the educational institution you attended, certifying that your undergraduate or graduate education was conducted entirely in English. This document

must be issued by the university and bear the seal or signature of the registrar, and it must be submitted in a sealed, unopened envelope with the university logo and address noted; the envelope must be signed or stamped across the flap by the issuing school authority.

Please note that the granting of your language waiver request is at the discretion of our screening committee and that your request for a language waiver will be considered at the time of screening. This means that there is a possibility that your waiver request will be denied. If possible, we strongly recommend you to take a TOEFL or IELTS test prior to your application.

## **Young Leaders' Program (School of Local Governance) Curriculum Guidelines**

### **I Basic Concepts**

1. Each subject will deal with theories based not only on the experiences of the so-called modern Western World, but also on those concerned with the historical experiences of Japan and other non-Western countries. While analyzing commonalities in the modernization process along with its various possibilities, the courses seek to find the most desirable method for each country's modernization. (Comparative Approach)
2. Through modernization, our thoughts and ideas undergo deep transformations. However, the curriculum will not be concerned with modern ideas alone, but will also incorporate basic premises from the classical civilizations and ideas of the great thinkers. (Emphasis on liberal arts education aiming at self-relativization and critical thinking)
3. Going beyond instruction that is related to skills and knowledge, the curriculum will emphasize the fostering of students' ideas; identifying problems; and developing the ability to arrive at their own solutions. (Emphasis on discussion and self-study)
4. Through encounters with leading figures from all areas (including other promising young students), the curriculum aims to create human networks and further understanding about Japan.
5. As decentralization progresses in line with a country's economic development, the demand for local governance and government that is capable of responding to various regional issues such as education, health, welfare, and local development rises. This program aims to cultivate leaders and core personnel for such local governance in their respective countries by equipping them with advanced theories on local governance and practices in Japan.
