目的 (Course Description)

賤民・被差別民の世界

'Outcaste Society - the Premodern Heritage; the Modern Legacy'

前近代、特に江戸時代の日本は極めて階級志向の社会であった。その社会全体を研究するにあたり、多くの資料が集積している関係もあって上層階級——つまり、支配階級の武士の目から鳥瞰図式に捉えがちではないだろうか。本ゼミは、土農工商の制度からはみ出した人たちの目を通して、関八州の穢多頭・弾左衛門をめぐる歴史小説や関連資料などを頼りに、いわば「蟲瞰図」式に江戸時代の社会構造を再考するのが目的である。また、その産物として現在なお被差別部落がほぼ全国的に散在するが、京都の、とある部落を舞台にした昭和中期の小説をも精読、分析する。

本授業の用語は日本語または英語。ゼミなので、議論が中心。どしどし意見交換されたし。

期末論文: 英文タイプだと12ポイント8枚程度、日本語だと原稿用紙400字詰め10枚前後。但し、パソコンを利用した場合、一枚あたり、その倍数(400字、800字)で印刷すること。

Japan today is often thought of as a nation composed of middle-class citizens, but Japanese society is much more diverse and certainly more class-conscious than it appears on the surface. The stratifications that characterized traditional society, as well as the inequities that they brought, persist to this day.

We shall examine, first, the premodern caste system, as depicted from the bottom in a historical novel that features an outcaste leader (Danzaemon) as protagonist; and, second, the legacy of the Edo-period caste system in modern (1960s) Japan through a novel set in Kyoto. The distinctive and varied portraits found in these works about people who lived outside the mainstream greatly enhance our understanding of contemporary society, revealing aspects that usually go unnoticed (or unmentioned) by most Japanese.

The course is designed for students with a high level of competency in Japanese. Supplementary materials in English and will be supplied according to class needs. Those wishing to prepare in advance are invited to begin with the novel by Shiomi Sen'ichiro, which is available at the ICU library.

Class discussions may be conducted in Japanese or English - or perhaps some combination! Students are expected to participate actively and are required to lead at least one discussion session. Students are to submit a short term paper (about eight typed pages in English or about ten 400-character pages in Japanese) at the end of the quarter.

目標 (Course Learning Goals)

近世の「賤民」及び近代の「部落民」をめぐる差別問題についての資料や文献が数多く残っているが、しかし、本授業はこうしたマイノリティを単なる差別の対象としてではなく、むしろ主体性ある人間としてしっかり捉え、様々な分野における社会貢献を重視、検討する方針。

While acknowledging the prejudice directed at groups of people outside the mainstream, who are the focus of our study, our principal objective is to deepen our

appreciation of their many indispensable contributions to society in the premodern and modern periods.
