

Emily is making a speech about super robots.

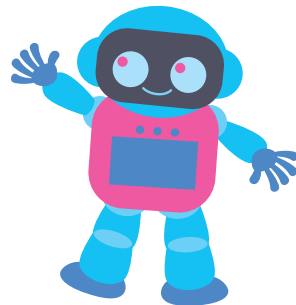

エミリーはスーパーロボットについてスピーチをしています。

Everyone has been dreaming of super robots. Now they are almost here! Today we have robots that can make cars and clean the floors in your house. What will they be able to do in the future?

I think they will help us with daily activities like housework and shopping. I hope they will help students study all subjects, too. Maybe they will be good teachers!

I want a robot that can cook my dinner.

What would you ask if you had a super robot?

### Check

What robot does Emily want? .....

- a) A robot that can make cars
- b) A robot that can clean the floors in her home
- c) A robot that can cook dinner for her

### Talk

What would you ask if you had a super robot? Talk to each other about your ideas.

**Example:**

*If I had a super robot, I would ask it to take me on a trip around the world.*

### Write

What have you been dreaming of? Write about your dream.
