

# If you had \$10,000 ...

Emily is thinking about her cousin's wedding.

エミリーはいとこの結婚式について考えています。

My cousin, Jennifer, is going to get married next month.

I would like to have a big party for her, but I can't. I do not have enough money because I am a junior high school student.

If I had \$10,000 for the party, I would have a famous chef, a magic show, and balloons. I want my cousin to enjoy delicious food.

Fireworks \$9,000

Rock Band \$3,500

Dance Party \$7,500

Magic Show \$1,500

Famous Chef \$5,000

Balloons \$500

## Check

If Emily had \$10,000, what would she choose? And how much is the total?
