Whole School Approach

Otsuma Nakano School Value for Global Citizenship

- Self-management
 - The ability to cultivate one's own sense of ethics and enrich sensitivity, enabling one to act without shame to one's conscience.
- Cooperation with Diversity
 - The ability to recognize diversity as essential, not only accepting various cultures and personalities but also using differences as strengths to achieve self-fulfillment through cooperation.
- Contribution to the World
 - The ability to think about issues ranging from local to global scales and contribute to the creation of a better society.
